PACKAGED PRICE
(SAVE OVER 10%)

THE 'SIMPLE' ONE ZONE SOLUTION

This package is all about Voice Control and Automation. If you've been considering automating your home but unsure where to start then look no further.

It's the simple things.. like when you just sit down with your coffee and get comfy and then realise you left the kitchen light on and it's shining right in your eyes. "Alexa, turn off kitchen light" takes care of that. Let's just say it's a little more fun than getting up. Sick of a mess of remotes or constantly reminding your partner how to use the TV? One simple universal Smart Remote will take care of that. Want to be able to turn the TV down from upstairs when the kids have it on too loud? This package allows you to do this stuff simply and easily with either app or voice control.

VOICE CONTROL

THE
‘SMART ROOM’
ONE ZONE SOLUTION

Choose 1 room or open-plan area in your home that you would like us to automate. Think where you would get the most benefit out of our Smart Home technology and we will elevate that room and turn it into a SMART ROOM.

When we are finished you will be able to lounge in your favourite chair and control the room without getting up. Using voice commands you can fire up the TV and bring up Foxtel, dim the lights, turn on the corner lamp and set it to blue, turn off the distant kitchen light and set yourself a timer for when to get up to start dinner.

Ahhh...

And how about that sound? And that hi-definition TV?

Wow. Grow your Smart Home Life zone-by-zone as you figure out what works for you and what you could live without. If a bit of fun and a whole lot of convenience is what you are seeking then The Smart Room One Zone Solution could be the perfect fit.

THE 'COMFY & COSY' TWO ZONE SOLUTION

This package is for those who like to chill out in the lounge but also in the bedroom. You get everything from the Smart Room solution plus a little something more.

In the bedroom we add flush-mount ceiling speakers and a 40-inch Samsung flatscreen for an immersive audio-visual experience. Automated lighting and programmed scenes mean you can dimly light your way to the ensuite or set a romantic scene with a touch of a button or a voice command. An Amazon Dot in the bedroom means you have voice control ability to control not only this room, but your other chosen room as well.. all from lying in your bed.

PACKAGE INCLUSIONS

***CONTROL4 EA1 KIT WITH HANDSET**
Your universal Smart Remote that replaces all other remotes for your media in that room (including Foxtel) and the brains of the operation. You get one for the lounge and one for the master bedroom. This will also give you full app control over your new 'Comfy and Cosy' solution

***AMAZON ECHO WITH ALEXA**
Wall-mounted Voice Control units in both zones for a clutter free finish. Additional units can be added.

***BRAND NEW 65" & 49" SAMSUNG TVS**
Includes a 4k Samsung 65" TV wall mounted professionally in your new lounge and a 49" in your new Master Bedroom. Concealed wiring and equipment for a sleek finished installation. We house the controller and amplifier behind your new TV so this installation is seamless. Watch you favourite Netflix content in pure hi-definition comfort with amazing sound, that truly does sound comfy and cosy doesn't it?

***2.1 CHANNEL ENHANCED AUDIO SYSTEM**
The Lounge area includes a Triad One hi-resolution streaming amplifier. Your choice of speakers - choose from bookshelf, in-ceiling, in-wall or soundbar (outdoor options available also). Add in a 10" Triad powered subwoofer for thumping bottom-end bass.

The Master bedroom area includes a another Triad streaming amplifier connected to some awesome 8" in-ceiling speakers so you can enhance the audio from your brand new 49" bedroom TV, or listen to your favourite artists while you chill out on a rainy day.

***CONTROL4 LIGHTING CONTROL CIRCUIT**
Operated with voice or through the app.
4x Lighting circuits included. Add-on extra circuits from this starting point from \$300 per additional circuit.

***CONTROL4 SMART KEYPADS WITH DIMMERS**
2x Smart keypads for your main operation in these rooms. Control the lights, Control the volume, Control the TV. Choose from black, white or silver. An additional 2 lighting circuits will be automated for your convenience. Automate the ensuite lighting for convenience during the night, maybe a hallway light or a night light that comes on with a sensor, it's up to you to choose.

***PHILIPS HUE COLOURED LIGHT GO**
Create a cool colour effect in your 2 new voice controlled zones. Operated with voice or through the app.

***PRE-WIRING, INSTALLATION, PROGRAMMING**
Yes it's all included, no stitch ups, no extras. You choose this package and you get all of this cool tech fully installed and programmed. Price applies to new builds only. Retrofit installations will incur additional labour costs.

PACKAGE INCLUSIONS

***TRIAD 4-ZONE MULTI-ROOM AUDIO SYSTEM**
Listen to the sound from your TV or your favourite music artists streaming through awesome 8" flush-mounted in-ceiling speakers in your 4 audio zones.

***CONTROL4 EA3 KIT WITH HANDSETS** (picture B.)
Your universal Smart Remote that replaces all other remotes for your media in that room (including Foxtel) and the brains of the operation. 4 handheld remotes to control the TV areas plus full app control over the entire home system.

***AMAZON ECHO WITH ALEXA** (picture A.)
Voice Control main unit

***AMAZON ECHO DOT** (picture A.)
3x wall mounted Voice Control units

***CONTROL4 LIGHTING CONTROL CIRCUIT**
Operated with voice or through the app.
4x Lighting circuits included. Add-on at \$350 per additional circuit.

***CONTROL4 WALL KEYPAD WITH DIMMER**
4x keypads for your main light switches in each room. Choose from black, white or silver.

***CONTROL4 7" TOUCHSCREEN** (picture C.)
Choose from a wall-mounted or table-top touchscreen for simplified control of all of the new Smart devices we will be installing in your home. Fire up your favourite playlist in all four audio zones and set the lighting levels of your four controlled lighting circuits using slider buttons on the app.

***PHILIPS HUE COLOURED LIGHT BULB**
For 3 lamps of choice.

***WALL MOUNTING OF 4x TVS**

We have included all of the cabling and bracket hardware required to mount 4 of your favourite TVs flat on the wall with all wiring concealed. If you would like us to supply you with new TVs, please let us know. (TVs not included in this package).

***PAKEDGE HOME NETWORK AND WIFI**

We don't take chances with relying on your internet service providers router and WiFi to run your new Smart Home. We install a new one to handle all of the traffic in today's latest tech homes and give you the WiFi coverage you've only imagined was possible.

***4-ZONE CCTV SECURITY SYSTEM**

An 8-channel recorder with 4 hi-definition cameras will be installed to monitor your new home. With wiring included to 8 locations, you can add an additional 4 cameras on request.

***EQUIPMENT RACK**

A small sized equipment rack has been allocated for this fit-out to house all of the coolest tech to run your new Smart Home. Equipped with cooling and ventilation for temperature control

***PRE-WIRING, INSTALLATION, PROGRAMMING**

Yes it's all included, no stitch ups, no extras. You choose this package and you get all of this cool tech fully installed and programmed. Price applies to new builds only. Retrofit installations will incur additional labour costs.

6-ZONE VIDEO

This package is geared towards those who love to entertain and are music and TV lovers themselves. With 6 zones of audio and video to allocate, you can indulge yourself with some quality speakers or a sneaky flatscreen in all sorts of places.

Why not put a flatscreen in your Master bath so you can take time out and enjoy yourself, deck out your patio or make a sanctuary out of your walk-in robe? Maybe you do a lot of work in the garage and need some tunes in there.. or maybe

you have a dedicated listening room where you listen to old vinyl and drink scotch. 'Alexa' lets you control your zones from anywhere she can hear you.. And she's a pretty good listener. Bellow in from outside "ALEXA MUSIC 10" and BAM up it goes! ..winning. The Control4 Smart Remote (handset) fits neatly in your hand and has all the button instinctively placed for ease of use. After a lifetime of remote control use we find they're something people still want in their TV room.
